About ISC

The Ivy Space Coalition (ISC) is a new collaboration between aerospace student groups at all eight Ivy League schools. Our goal is to facilitate collaboration among our clubs' engineering teams and to build a more vibrant aerospace community across the Ivy Leagues. Through this collaboration, our aerospace organizations will be able to coordinate speaker events, share engineering expertise and resources, and provide project support and critique for other clubs. The cornerstone of the effort is a yearly conference, the first of which was in the spring of 2018.

The ISC Conference

ISC's major project is a two-day conference devoted to the discussion of the future of aerospace and the role of student groups in the industry. The conference gives the opportunity for students to meet face-to-face and engage with experts working in the industry. Through speaker events, networking sessions, debates, and poster symposiums, students will get to connect with other university clubs and professionals in the field. This conference works to build a stronger aerospace community.

2018 Inaugural Conference, by the numbers

- 100+: student attendees
- 10: aerospace companies represented
- 8: industry-leading speakers

Dr. Fuk Li, Michael Paluszek, Ellen Chang, Jason Aspiotis, Scott Willoughby, and more!

This year's conference will be held on April 6-7, 2019
at the University of Pennsylvania

What to expect:

- 150+: student attendees
- 12: industry-leading speakers
- 4: tracks for students:
diversity, commercialization, policy,
and research/academia in aerospace

Your sponsorship

Sponsorship starts with people. If you have a speaker in mind or someone you think might fit well on a panel, drop us a line. There are high costs to running a conference, so your monetary contributions help us keep the conference going and offset the costs to students attending. As a sponsor, your logos and advertisements will be printed in conference materials distributed to all attendees. Your representatives will have the opportunity to host a table during our networking session and recruit attendees, participate in speaker panels, and attend our conference banquet. Tiered benefits are as follows:

Bronze: \$250+

- Logo added to website and printed on programs
- Host a table at the career fair

Silver: \$1000+

- Bronze benefits
- Access to resumes of participating students from all Ivy groups

Gold (3 available): \$2000+

- Silver benefits
- Advertisement on one of the following: notepads, pens, name tag lanyards

Platinum Sponsor (2 available): \$3000+

- Gold Status benefits
- Private recruiting/information session event on Sunday
